Wedding Brochure

Congratulations, you're engaged! And now it is time to start planning one of the most special days of your life!

The photographs are always one of the most important parts of your day as they will last a lifetime, something you will look at over and over again, you will treasure them as they help you to remember those moments and the people that shared your day with you. That's why you should invest in the photographer that's right for you.

My name is Lauren, I am the owner and photographer at Puddle-Duck Photography.

My aim is to document your love story, capturing the natural moments as they unfold, from a quiet moment with a loved one, to partying it up with all your guests!

My style is..

Candid, Emotive, Modern and Creative.

I am often described as a ninja with a camera, most of your day I will blend in with your guests and capture your candid moments as well as those vital emotional shots. I'll be your best friend and I will do everything I can on your day to make it perfect of you.

Meet Puddle-Duck Photography

Hi! Thanks so much for your enquiry, I am Lauren Webster, the person behind Puddle-Duck Photography.

I am a wife and a mum to a crazy 5 year old and almost 2 year old! I am also animal mad and we have a gorgeous boisterous sheepdog and two pet ducks, which is where our business name came from.

I am very family orientated and we know how precious capturing memories is as well as switching off and enjoying the outdoors.

I have always had a creative side and I was always the girl on the night out with a camera in my hand and I've never not had a camera since. I started capturing motocross at a young age and I've moved on to capture families & weddings but still enjoy sports and wildlife and landscapes in my free time.

My style is warm, very relaxed, in the background snapping away, everyone's day will run so much smoother if everyone is relaxed and enjoying their experience, there will be times during the day such as (portraits, confetti, Couple shots) where things will be more structured in order for me to get those important moments but other than this I will be capturing in the background as everything unfolds. I have been described many times as a "Ninja with a camera".

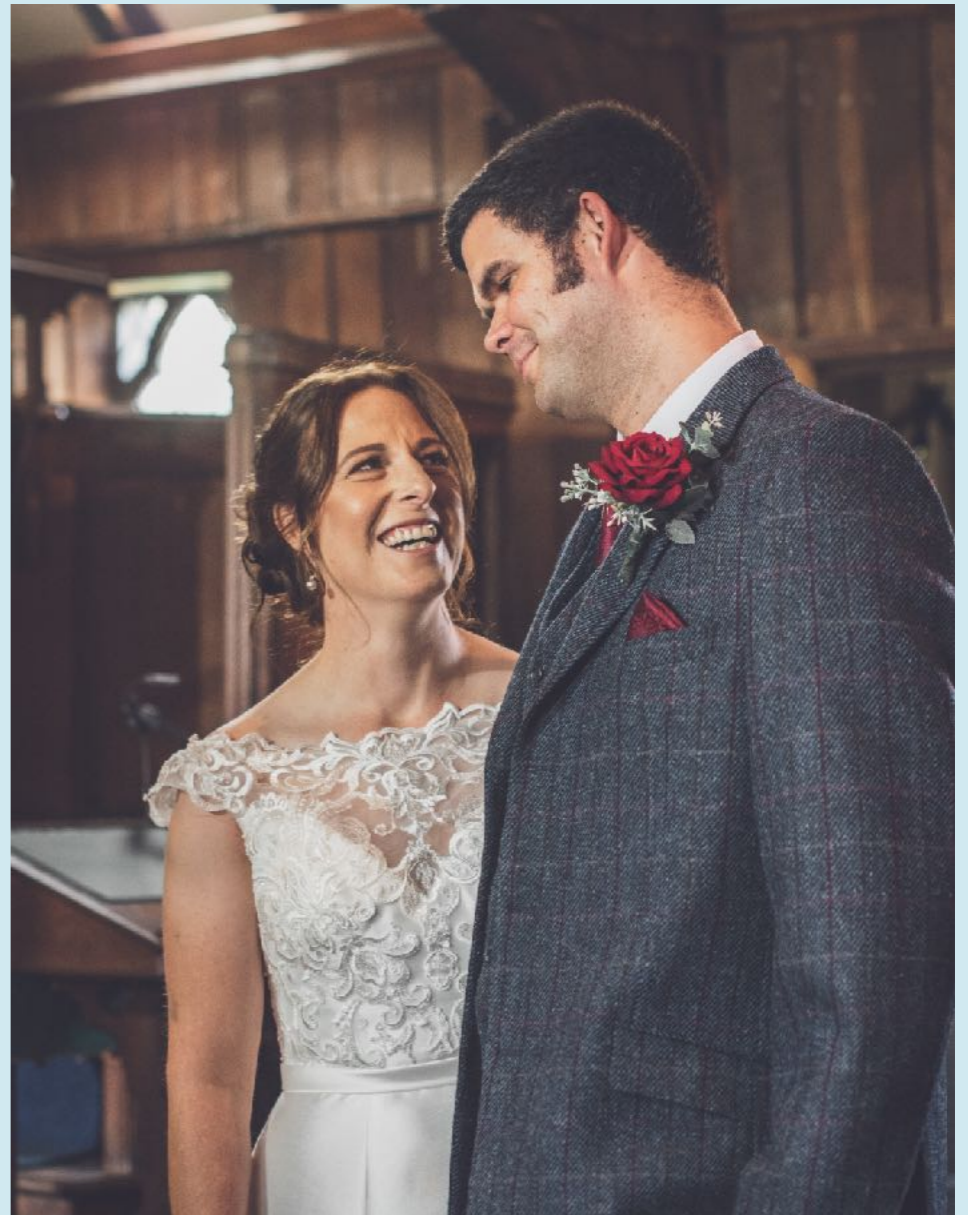

If there is anything else you would like to know about myself or the business.

Please do not hesitate to ask.

Why pre wedding/engagement shoots are

Pre-Wedding session/Engagement shoots are a great opportunity for the photographer to get to know the couple and will give the photographer an idea of how much direction I will need to give you on your special day. They are also a great opportunity for the couple, to feel more comfortable around their photographer and to get to know them, ask any questions and break the ice. I would definitely recommend having a pre wedding session & it is included in Mandarin Ducks package but can be added to other packages for £150.

What to expect...

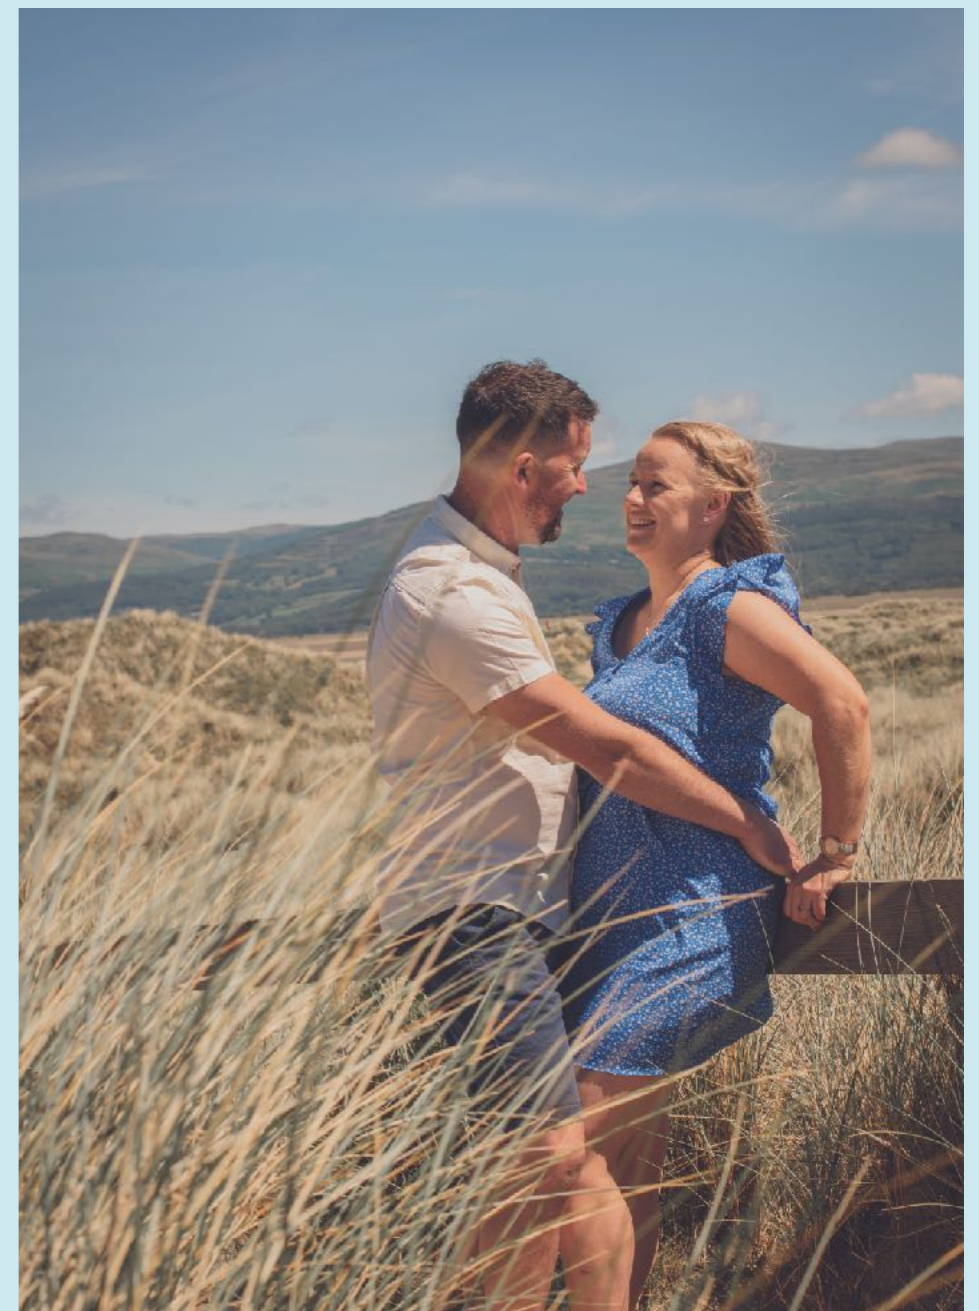

I always make the sessions fun and full of adventure! Almost every couple feel that they are terrible at photos of themselves. All I ask is be yourself , relax and I'll do the rest!

Expect Piggy backs, romantic moments with your fiancé, adventures in the outdoors, lots of laughs and memories to be made.

It's always lovely to slow down and to take each other in. As we can often be too busy to stop and have a quiet moment with the one you love.

"We recently had our engagement shoot with Lauren at Puddle-Duck Photography. Lauren was very professional, patient, friendly and all above she put us at ease straight away and made the session fun and enjoyable. We will be 100% be using Puddle-Duck in the future and would recommend to anyone. Thank you Lauren."

Morning Preparations

Morning preparations are one of my favourite parts of the day, the emotion and the relationships that are captured during these times is magical. It also shows the transformation, key moments and those special first looks that are shared amongst loved ones. It gives the wedding party time to get to know the photographer and by the time it comes to portraits later on, everyone is relaxed and comfortable, making portraits quick and easy.

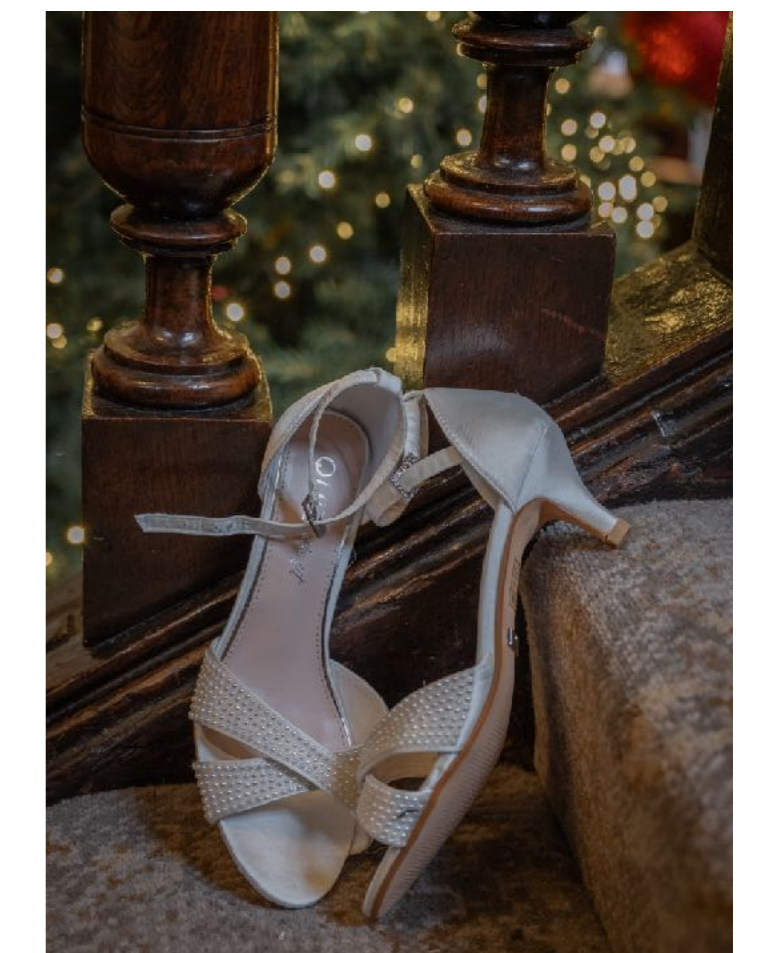

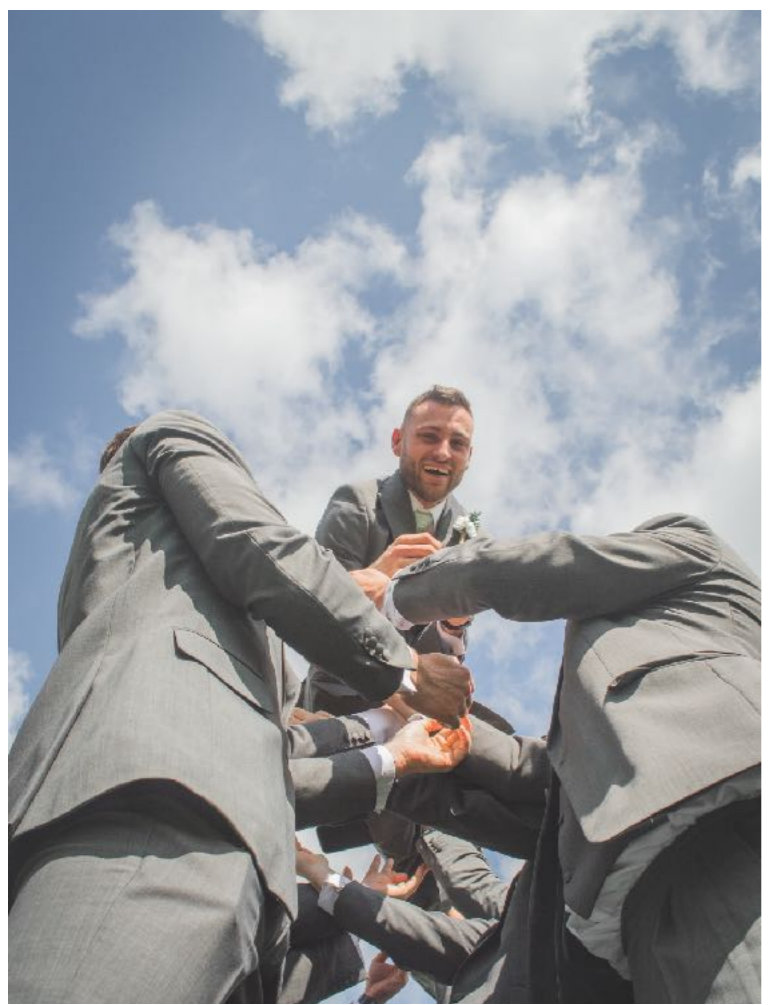

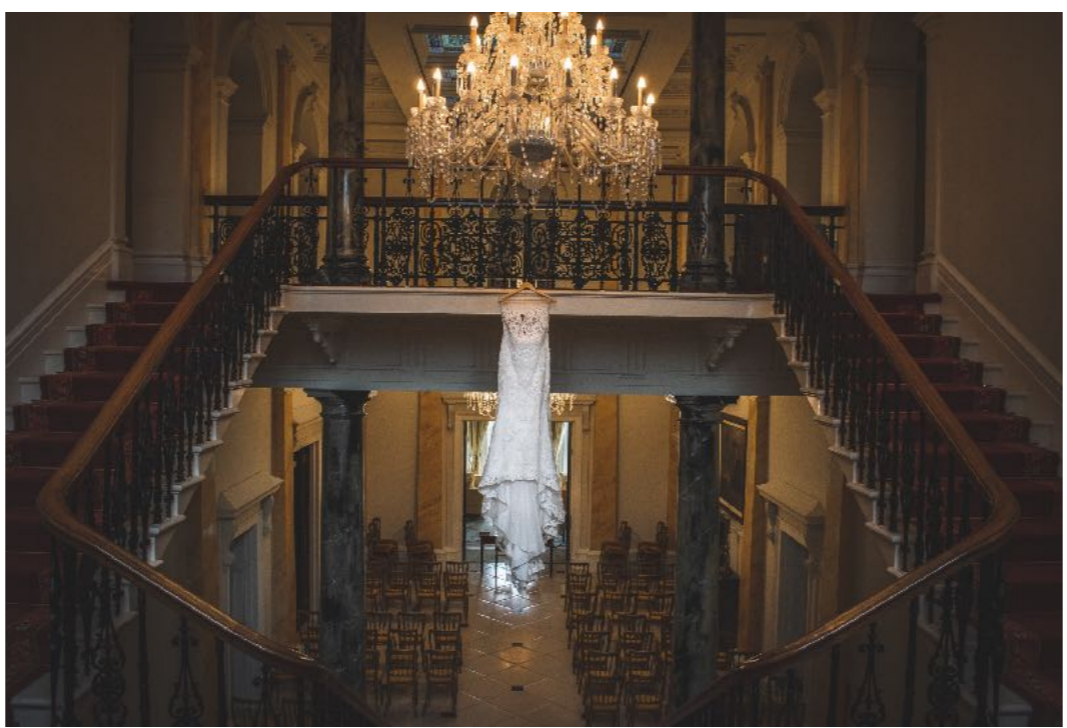

I would recommend morning prep for at least one of the couple but if both of the couple are getting ready at same location or a very short distance away, this could be covered.

The Guests are Important too!
Not only do I capture the..
The Couple and wedding Party but
all the guests, naturally as they are
all important to you and an apart of
your day!

Group Portraits

Group portraits don't need to take up most of your day, as important as capturing your day is, I also want you to enjoy your day and to not feel the whole day was spent taking photos. In order for your day to run smoothly I always ask for a portrait list a couple of weeks before your wedding date, this should include all the group shots you want such as "Couple with parents" etc.

A month before your day you will receive a questionnaire to fill in asking you about all the shots you want and if you want your group photos to be traditional, fun or a mix of both! I always try to keep the group shots light hearted, fun and to run as quickly and smoothly as possible!

- Plas Dinam Country House, Llandinam, Powys.

“We had the pleasure of Lauren doing our wedding photos, they were nothing but amazing! Lauren was so patient with my 5 and 8 year old and my massive bridal party!! I would highly recommend!

- R & S
- Garthmyl Hall, Powys

“We couldn’t recommend Lauren and Chris enough! They were lush, down to earth and simply became part of the guests by the end of the day. They were everywhere you turned in the most subtle way. They caught every special moment of our wedding day. We were actually gutted when it was time for them to leave, it was an absolute pleasure having them shoot our wedding day, you won’t regret it! Puddle duck photography you are out of this world and I would not hesitate to recommend you to anyone!”

- Capel Seion, Ceredigion.

"We had the pleasure of Puddle Duck shoot our wedding day. I would highly recommend them to anyone. Captured every moment perfectly, the photos are amazing, we love them. They managed to get every photo we wanted without the day dragging just taking pictures. Very professional but at the same time they felt like guests at the wedding which was lovely and to top it off a special little personalised box and usb with all the photos on, was beautiful and a lovely surprise. Thank you Puddle Duck Photography."

" We can't thank you enough, we both thought you were amazing and worked so hard throughout the day. OMG the photos are stunning, Wow, we actually don't know what to say, they are beyond anything we expected! how amazing are you! Thank you so much!"

- R & P

Commodore Hotel,
Llandrindod Wells, Powys.

" Lauren is amazing, We were so happy with our sneak peeks from our wedding day and we can't wait to see the rest. she was wonderful to work with, blended right in with our guests and made us feel very comfortable and at ease. Excellent communication from start to finish! So Happy we found her. Adding to this since we got our wedding gallery, Just Absolutely beautiful! All our portraits were gorgeous but the candid shots she got of us and our guests were fabulous. Really Captured everyone's personalities on the day.

Thank you Lauren!

What to expect once book in!

Once you are booked in I will send you our wedding planning guide to help with your wedding planning. I am also here to support you in anyway I can with your wedding planning and I always like to meet you before hand to get to know each other is really important and gives us a chance to discuss the finer details of your day, your day is very important to me and I want to help in anyway I possibly can!

If a pre wedding shoot isn't included in your package, they are a great way of getting to know each other and some lovely photos to display at your big day. If you would like to book one in please don't hesitate to contact us.

A month prior to your wedding date I will be sending out a wedding questionnaire to you. It will help me plan out and understand of how the day will run, the key shots and what is important to you to ensure I can help make sure your day runs as smoothly as possible.

At this point I will also request a rough Schedule of the day and a portrait list of the family/friend photos you want captured after the ceremony, there will be guidance in the questionnaire of how to put this list together.

Top tips

- Make sure you leave enough time before your wedding breakfast to capture all the portraits you want.
- Do not listen to others or traditions, Its YOUR DAY! only do what you as a couple want to do!
- Ask ushers once everyone is seated to make sure aisle seats are filled as in photos it will look so much better than empty seats.
- Keep Wedding portraits to a must, as yourselves and your guests will want to mingle and enjoy your day without feeling like all you have done is had photos done.
- When having morning prep make sure all your little details are there ready to be captured. (veil, perfume, jewellery, cufflinks, gifts)
- Try To be ready around an hour before the ceremony, this gives you time to breathe, have photos before hand and take every moment in. Allow more time than this if you are traveling to ceremony.
- If you have any surprises up your sleeves, please let me know! I don't want to be missing them but if I do not know about it, how am I suppose to be in the right place and the right time to capture it.
